## TAKEN BY THE JAPS

The City of Liao Yang Fell Completely Into Their Hands Sunday Morning.

## PIERCE FIGHTING IS GOING ON.

Gen. Kuropatkin's Army Is Ten Miles Northeast of Liao Yang Near the Yantai Mines.

Gen. Stakelberg's Army Corps Reported to Be Cut Off, Has Been Safely Extricated, and Will Join Main Army.

New York, Sept. 5.—The only direct news from the seat of war bearing Sunday's date came by way of Tokio is a report from Field Marshal Oyama, saying that Liao Yang fell completely into the hands of the Japanese at 9 o'clock that morning; that the Japanese casualties were believed to be heavy, and that nothing was known by the Japanese concerning affairs on the right bank of the Taïso river.

The only comfort for the Russians at home was the news, conveyed in a report from Gen. Kuropatkin, dated Saturday afternoon, that Gen. Stakelberg's First Siberian army corps of 25,000 men, reported Saturday as having been cut off to the westward of Liao Yang, had been safely extricated, and that the corps has succeeded in joining the main Russian body on the right bank of the river, but no details of the escape of Stakelberg are known. Gen. Kuropatkin also reported that the greater portion of his army was, at the time of filing the report, south of Yantai (ten miles northeast of Liao Yang) and a few miles from the Yantai mines, where fierce fighting had been in progress.

It is indicated that there has been a cessation of the fierce fighting. Kuropatkin reports that his men were not being much interfered with by the Japanese in the neighborhood of his army.

In St. Petersburg the absence of news is looked upon as heightening the gravity of the situation for the Russians.

It was reported in St. Petersburg Sunday night that Kuropatkin had arrived at Tieling, which is ten miles north of Yantai, and 18 miles south of Mukden.

London, Sept. 5.—The Che Foo correspondent of the Daily Chronicle, in a dispatch dated September 3, says that 14 regiments will leave Tokio during the week to replace the men lost outside Port Arthur alone. The losses at this point are estimated at 25,000.

The details of the tragic struggle between Oyama's and Kuropatkin's forces do not deter British critics from repeating the vital question, "Has Kuropatkin made good his retreat?" With all the official news before them, the experts here seem half inclined to believe that the Russian commander has achieved what was thought to be the impossible, namely, headed off an envelopment.

That the Japanese, with superior numbers and the choice of time for aggression, would inflict severe losses, was taken for granted. The occupation of Liao Yang with enormous Russian casualties, and the evacuation of fortified positions, are regarded here as merely incident. Though it is recognized that the week's battle which they fought must take its place as one of the bloodiest in ancient or modern history, yet if Kuropatkin reaches Mukden with a potential remnant of his army, Oyama's effort will, in English eyes, be regarded more or less as a fruitless sacrifice.

## CROWN PRINCE BETROTHED.

The Announcement Was Made at a Dinner Given by the Emperor.

Altona, Prussia, Sept. 5.—During a dinner which Emperor William and the Empress Augusta Victoria gave at the Kaiserhof Sunday night to the leading officials of Schleswig-Holstein, the emperor announced the betrothal of Crown Prince Frederick William to the Duchess Cecilia, sister of the reigning grand duke of Mecklenburg-Schwerin. The announcement was received with great enthusiasm.

## Russian Generals Promoted.

St. Petersburg, Sept. 5.—Maj. Gens. Alexiff, Reutenkamp, Cerngross and Fock, have been promoted to lieutenant generals for distinguished services in the face of an enemy, and Lieut. Gen. Linovitch has been made a general of infantry.

St. Petersburg, Sept. 5.—The emperor has conferred upon Maj. Gen. Mischchenko a gold mounted sword set with brilliants, inscribed, "For bravery in repelling the Japanese attacks of July 23, 26 and 27."

## ATTEMPT TO POISON FAMILY.

The Girl Then Drank Concentrated Lye With Suicidal Intent.

Lexington, Ky., Sept. 5.—Bertha Harding, 18, an inmate of a reform school, drank concentrated lye with suicidal intent Saturday morning, after what appears to have been an attempt to poison an entire family. The girl had been bound out to J. E. Rouse, a farmer, and wanted to live with another family, but her request had been refused. Dough was found containing concentrated lye. The family consists of seven persons. The dough had not been cooked, and no one was injured. The girl then threatened to drink lye if an attempt was made to take her back to the reform school. She lifted the can to her lips and took a draught, but spit it out on account of the pain. A physician was summoned. Her injuries may result in paralysis. She was returned to the reform school Sunday. The authorities tried to keep the matter a secret.

## TO FIGHT THE CONTINENTAL.

Big Fund Started by the Tobacco Growers of Kentucky.

Lexington, Ky., Sept. 5.—The executive committee of the Burley Tobacco Growers' association has authorized the statement that upon the subscription of \$500,000 by the association a New York syndicate would immediately advance \$9,500,000, making a total of \$10,000,000, to enable the association to get control of the crop. The subscription books were opened, and \$100,000 was subscribed. C. C. McChord, of the state railroad commission, has been in conference with the leaders of the movement, and is said to be representing the eastern capital. The main purpose of the association is to fight the Continental Tobacco Co.

## FEUDIST FIGHT.

Bloody Battle Between the Griffin and Philpott Factions.

Lexington, Ky., Sept. 5.—One of the bloodiest encounters in the history of Kentucky feuds took place on Saxton's creek, in Clay county, late Saturday night, and as a result two men are dead and four dangerously wounded. The fight occurred between the Griffin and Philpott factions, the former faction being allies of the Howards, while the Philpotts were identified with the Baker faction in the famous Howard-Baker feud of three years ago.

## BECAUSE OF A LOVE AFFAIR.

A Lexington Girl Drank Two Ounces of Carbolic Acid and Died.

Lexington, Ky., Sept. 5.—Mary L. man, 18, drank two ounces of carbolic acid Sunday morning, and after walking her brother to tell him about it, died. She told him that she did not want to be a bother any longer. She left a note stating that the one she loved most dear had gone, and she wanted to die. She was an attractive girl and of good family. The family did not know she had a love affair.

## Filipino Students.

Lexington, Ky., Sept. 5.—The four Filipino students who have been assigned to the Kentucky University by the United States bureau of education are believed to have got lost or carried beyond their destination on their way here. They had been attending the World's Fair, and the faculty of the university had been notified that they had left St. Louis for this city.

## He Broke Jail.

Lexington, Ky., Sept. 5.—Tom Calamese, colored, arrested for malicious cutting, succeeded in breaking jail. He was incarcerated in a strong steel cell, surrounded entirely by heavy stone. One door led through the police station, and one through the detectives' office. He picked an intricate lock and got away through the latter door.

## Mail Carriers Surprised.

Covington, Ky., Sept. 5.—When the mail carriers gathered Sunday at the office the ruling of Commissioner Greene, of the civil service commission, was read with much anxiety by the men. The ruling means that they will not be allowed to belong to any political clubs.

## Drilling in New Fields.

Lexington, Ky., Sept. 5.—Operations for the past week in the Tennessee Kentucky oil fields show a widening out of the scope of activity. Drills are being taken into new fields, and in the development in the southern part of the state activity is especially being displayed.

## Expired Very Suddenly.

Central City, Ky., Sept. 5.—Mrs. Fanny Hendricks, wife of Judge R. L. Hendricks, died here suddenly of heart disease. She retired in her usual health, but shortly afterward aroused the members of her family by gasping for breath.

## FOURTEEN KILLED.

The Dead Include Four Women, One Man and Nine Small Children.

## NEW YORK TENEMENT HOUSE FIRE.

Nearly a Score of People Were Injured, Some Fatally, Among the Number Being Five Firemen.

The Tenants Were Not Aroused From Sleep Until the Hall Was Ablaze, and Escape Through the Building Cut Off.

New York, Sept. 5.—Fourteen persons were killed and nearly a score injured in a fire in a five-story double tenement in Attorney street, at an early hour Sunday morning. It was one of the worst fires in the loss of human lives that has occurred on the East Side in several years, although the property loss was slight.

The dead included four women, one man and nine children, ranging in age from three months to 12 years.

Many of the injured were taken to hospitals, and it is thought that several of these will die. Among the injured were five firemen, who were on a fourth floor balcony when it fell with them.

The small number of men among the killed and injured was due to the fact that most of the men who lived in the building, following the Attorney street custom in hot weather, were asleep on the roof, while but few of the women and children were there. Those on the roof were unable to escape by descending through the burning building, and made their way to safety over neighboring roofs. Meanwhile the members of their families, who had remained in their rooms, found escape cut off, and panic reigned throughout the structure.

The fire started about 3 o'clock in the morning, and there was considerable delay in sending in an alarm, although the district is one of the most thickly populated in the crowded East Side of New York. When the firemen reached the scene some of the tenants were jumping from the windows and from the ends of fire escapes that reached only to the second floor; others were crouching in the smoke in the small rooms and narrow halls.

The fire is supposed to have been caused by the explosion of a lamp that had been left to light the hall on the second floor, and the sleeping tenants were not aroused until the hallway was ablaze and escape through the building cut off.

The fire was soon extinguished, and the search for the dead began. Most of the dead were found on the two upper floors. While the search of the building was going on, four firemen were at work on a fourth floor balcony, when it gave way. Another fireman on the balcony on the floor below was also carried down, and was probably fatally injured. The other four were badly hurt, but will recover. Two of them fell upon a pile of bedding in the court yard, and their injuries were caused chiefly by the iron work of the balcony falling upon them.

## TWO SOLDIERS KILLED.

They Were En Route to the Manassas Maneuvering Grounds.

Charlotte, N. C., Sept. 5.—Two soldiers en route to Manassas were killed in this state Saturday night and Sunday. Frank Lassiter, a member of Company L, Americus, Ga., bound for Manassas, met death at Greensboro, N. C., Sunday afternoon. Lassiter was standing on the platform of a coach when the train parted, throwing him on the track, and he was run over by the car following.

A special from Fayetteville, N. C., says seven train loads of troops from South Carolina, Georgia and Florida passed through there Saturday night en route to Manassas. Early Sunday morning the dead body of an unknown private was found seven miles north of Fayetteville, his skull being fractured.

## Fine Stable Destroyed.

Oyster Bay, L. I., Sept. 5.—Fire destroyed the stables of Colgate Hoyt, on Center Island. The stables were said to be among the finest in the country, and contained several valuable automobiles, together with many horses and carriages.

## Run Over by a Train.

Battle Creek, Mich., Sept. 5.—Mrs. Alvin Russell was struck and instantly killed and her husband probably fatally injured by a fast west-bound Grand Trunk train Sunday night at Fenton, a small station nine miles west of this city.

Lewisburg, Tenn., Sept. 5.—John Glazier white was whipped by whitecaps several days ago and is dead of his injuries.

## THE STRIKE CALLED OFF.

New York Packing Plants Will Run On an Open Shop Basis.

New York, Sept. 5.—Discussing the calling off of the beef strike here, a representative of the United Dressed Beef Co. said Sunday that it would take a little time to provide places for all of the strikers to whom they could give positions. There would have to be a weeding out of all but the competent men.

"In calling off the strike," he said, "the men go back to work on the open shop basis. That is understood, and no walking delegates will be allowed to enter the plants."

Chicago, Sept. 5.—The return to work of the 3,500 strikers in New York City will have no material effect upon the general situation in the stockyards strike, according to President Donnelly, of the butchers' union. In an address Sunday afternoon before an audience composed of 5,000 strikers and their friends, Mr. Donnelly declared that despite the desertion of the New York members of the union, he would make no change in his plans to tie up the meat industry of the country this week.

## THE CHURCH TROUBLE.

Father Bekavac Hewed His Way Into a Barricaded Edifice.

Pittsburg, Sept. 5.—After hewing his way into the church with an ax, Rev. Father Bekavac, of St. Nicholas Croatian Roman Catholic church, Allegheny, held early mass Sunday, while a large number of his former congregation awaited him outside and made frantic efforts to assault him at the conclusion of the ceremony. He was saved from violence only by the protection of 50 policemen. When Father Bekavac reached the church he found all the doors locked and nailed fast. Returning to his residence, he secured an ax and applied it to one of the doors, while the police aided him to force it down under the weight of their bodies. Excitement by this time had reached a high pitch in the mob of probable 500 men and women, who had gathered to prevent services being held. About 50 of Father Bekavac's adherents attended the mass.

At the conclusion of the ceremony the police awaited Father Bekavac to escort him to the parish house.

## SENATOR CLARK.

Denies the Story That He Was Assaulted at Missoula, Mont.

Butte, Mont., Sept. 5.—A story having been widely published to the effect that Senator Clark, of this state, had been assaulted in Missoula, and had sought protection in a hotel, Senator Clark has authorized a press representative to make a denial of the story. In a signed statement Senator Clark says:

"The story was an unwarranted perversion of the facts. Mr. Geoffrey Lantzler and Mr. Wethey were with me and they will confirm my statement that the man did not speak a word to me, and that I did not speak to him. He addressed his remarks solely to Mr. Wethey. That I ran into the hotel asking for help is false."

## RIOTOUS SCENES.

Switches Torn Out and a Meat Train Held Up in Chicago.

Chicago, Sept. 5.—Four switches on the Chicago Junction tracks, in the vicinity of the stockyards, were torn out Sunday night, singling track and all, by some unknown persons in an effort to wreck trains carrying meat from the packing plants. The absence of the switchlights was discovered in time, however, to prevent an accident, and a guard of policemen was placed along the tracks to prevent any further attempt at train wrecking.

Earlier in the day a meat train was held up in the same spot, and one car was derailed and its contents confiscated by a mob of several hundred men, who flocked to the place as soon as the accident occurred.

## WIFE MURDERER.

Dying From Wounds Received While Trying to Escape.

Norfolk, Va., Sept. 5.—Frank Sattletight, who battered his wife's brains out with a monkey wrench at their home, in Princess Ann county, six weeks ago, lies at the point of death in a hospital here from bullet wounds received while endeavoring to escape from a sheriff's posse that surrounded him at his father's home, on Lynn Haven bay, early Sunday morning. Sattletight killed his wife because she went to see a sham battle at Cape Henry against his wishes.

## Women Fight a Duel.

Owingsville, Ky., Sept. 5.—Mrs. Silas Ball, 35, and Mrs. Mary Thomas, 30, fought a duel with knives at Age Creek, Harlan county, over John Barnell, who has been paying attention to both. Mrs. Ball will die.

## LAUNCH CAPSIZED.

Five Men Lost Their Lives in Lake Erie, Near Cleveland, Saturday Night.

## WERE ENROUTE TO A YATCH RACE.

In a Premature Explosion of Nitroglycerine Five Persons Were Killed Near Upper Sandusky Sunday.

Five Were Injured, Some Fatally—An Oil Well Shooter Was in the Act of Lowering the Explosive Into a Well.

Cleveland, O., Sept. 5.—Five men were drowned in Lake Erie Saturday night as the result of the capsizing of a 22-foot naphtha launch, in which they were en route from Cleveland to Vermillion, to attend a yacht race at the latter place Sunday.

The dead: John D. Begley, Cleveland; Albert S. Triber, Cleveland; Paul Hartner, Cleveland. The three men were employees of the Cuyahoga Abstract Co. Max Hurlig, a traveling salesman for a New York City firm; Jules Hurlig, draughtsman, employed by the Garry Iron & Steel Co., Cleveland. The Hurligs were brothers.

The first that was known of the drownings was when the launch floated to the beach, near Edge Water Park, late Saturday night. Cries for help had been heard by campers along the shore, but no assistance could be given in the darkness. The launch is believed to have been caught in a trough of the lake, a heavy wind prevailing during the night. When the boat was found it was stripped of every thing that could be used as a buoy for the occupants, and there was hope that some of the party might have remained afloat, but Sunday's developments indicate that all went down to death. The body of Hartner was found on the beach Sunday afternoon.

Findlay, O., Sept. 5.—Five are dead and an equal number seriously injured as the result of a premature explosion of a quantity of nitroglycerine near Upper Sandusky Sunday.

The dead: Malen Lockabaugh, Findlay; Lefe McKay, Findlay; Joseph Fox, Lima; Cornie Wise, aged 11, Upper Sandusky; Emanuel Urcan, Cincinnati.

The injured: Ernest Wise, leg badly mangled and internally injured, will probably die; Louis Lockabaugh, aged 15, ear blown off and leg broken, not expected to recover; Alice Wise, badly injured about the head, condition critical; Mary Guilford, bruised about the body; Claire Lockabaugh, face and limbs badly cut.

The accident occurred while McKay, an oil well shooter, was engaged in lowering the nitroglycerine. At the time his assistants, the Lockabaughs and Fox, together with the others, were grouped about the well. The cause of the explosion is unknown.

## SUDDEN FIT OF INSANITY.

Attempted to Kill Husband, Shot Policeman and Defied Arrest.

Boston, Sept. 5.—In a sudden fit of insanity Sunday Mrs. Minnie McKenzie tried to kill her husband at her home, on Falcon street, East Boston, then shot and fatally wounded Patrolman Alfred M. Sturdivant, and finally barricaded herself in the front room of her tenement, where she remained for more than five hours, standing off a squad of ten policemen. She was finally captured by the use of germicide injected through holes in the barricaded door. When overcome by the fumes, she was found to be armed with two large revolvers, and had a large amount of ammunition. During the barricade she fired more than 50 shots, many going wide into a crowd of 5,000, which gathered about the house.

## BATTLE WITH HUNTERS.

A Special Policeman Killed and His Brother Fatally Injured.

Chicago, Sept. 5.—In a battle with five hunters, whom they mistook for thieves, in the yards of the Chicago & Alton railroad at Corwith, Ill., late Sunday, Joseph Burns, a special policeman, was shot and killed, and his brother, Peter Burns, was fatally injured. The Burns brothers, it is said, ordered the hunters, who were walking along the tracks, to go away from the property of the railroad, and when the latter failed to comply promptly with the request, the two watchmen opened fire with their revolvers. The fire was returned by the hunters, who carried shotguns, and the two officers were hit by the first volley.

## Brothers' Fatal Fight.

Newport, Ky., Sept. 5.—Owen Finnigan, 23, was perhaps fatally wounded, it is alleged, by his brother

### DEMOCRATIC TICKET.

For President,  
ALTON BROOKS PARKER  
of New York.

For Vice President,  
HENRY G. DAVIS  
of West Virginia.

For Congress,  
JAMES N. KERBOE  
of Mason County.

PARKER and Davis clubs are being organized throughout the country. It takes organization to get out the full vote, a fact that the Democrats of this county and district should bear in mind.

In 1896 and 1900 not a half-dozen German papers supported Bryan; now a great majority of the German papers are supporting Parker. And it may be stated as a certainty that if Judge Parker obtains even a third of the German vote of New York, New Jersey, Indiana, Illinois and Wisconsin, his victory will approximate the magnificent splendor of a tidal wave, remarks an exchange.

In the course of political evolution Massachusetts has become promising missionary ground for the Democracy in this campaign. What with the dissatisfaction over the "stand pat" tariff and the disgust with imperialism, it would not be surprising to see that State range in the electoral column for Alton B. Parker. Much stranger things have occurred in the political history of Massachusetts.

Within the past five years, under the trust regime, it is estimated that the cost of living for the workmen in the Pittsburgh district has been increased 45 per cent. The price of his food has been increased that much, and his rent almost as much, while the cost of clothing has been raised to an alarming extent, says an exchange. The Pittsburgh workman who keeps his family, a wife and two children, on \$12 a week, paying rent, can, it is claimed, eat meat but one day now, thanks to the meat trust and other trusts which have shot prices skyward and reduced his income at the same time. But the Pittsburgh workmen haven't any right to kick as long as they vote to keep the Republicans in power. They know the Republicans foster and protect the trusts.

The organization of the Fountain Lake and Park Association of Flemingsburg has been completed and the work of constructing the lake at Fountain Springs will be commenced at once. The lake will cover about twenty acres and will be stocked with fine fish.

Don't forget Barlow Minstrels at Washington Opera House to-morrow night. The new electric first part production, the opening chorus, the new voices and comedians, and an entire change of programme promise an evening of particular satisfaction to all lovers of rollicking fun, sweet music and clever dancing, as well as the startling novelty and varied quality of the vaudeville portion of the performance. Seats are now open at Ray's.

Senator W. H. Cox, one of the World's Fair Commissioners, has succeeded Commissioner Joshua T. Bowles of Bardonia, at the Kentucky Building and will be there until September 10. He is accompanied by Mrs. Cox, his daughter and Mrs. Cox's sister, Miss Tebie Farrow, and on September 10 the entire party will proceed West for an extended tour. The Commissioner to follow Mr. Cox is Mr. Samuel Grabfader of Louisville.

### Additional Personal.

—Miss Mary Larkin was at the Ewing Fair Saturday.

—Miss Flora Hunter was at the World's Fair the past week.

—Mr. and Mrs. Frank LaRue are visiting the World's Fair.

—Rev. W. T. Spears leaves for the World's Fair Tuesday.

—Miss Tillie Parker has returned from a visit at Millersburg.

—Mrs. M. F. Coughlin and Miss Nellie Fitzgerald arrived home Saturday evening from a visit to the World's Fair.

—Miss Scottie Worthington has been entertaining her cousin, Miss Julia Carpenter, of Millersburg. Miss Carpenter is a young lady of many accomplishments—a fine elocutionist and her recitations captivated all who heard. She returns home to-day and her departure is regretted by the many acquaintances she formed here.

## THE PLAN

Of the Burley Tobacco Growers' Association For Handling This Year's Crop Victory Near.

[Lexington Observer.]

Success finally crowns the untiring efforts of the men who have battled so earnestly for the rights of the burley tobacco growers. Wednesday the capitalists with whom Messrs. Hawkins and McChord have been in communication arrived here and announced, after a thorough investigation, that they would furnish the capital, through the Burley Tobacco Growers Company, necessary to buy and hold the crop of this and next year if necessary, until a fair and living price can be obtained for same.

These gentlemen at once called a meeting of the Executive Committee of the company and representative growers. At this meeting President Hawkins presided, the situation was thoroughly discussed and the plan of the organization unqualifiedly endorsed as being the only salvation for the grower. Hon. C. C. McChord addressed the meeting at some length, explaining every detail and answering all questions.

At this meeting the stock books of the company were opened, and in a few minutes over \$100,000 had been subscribed. It was very plain that the capital stock would be oversubscribed, and a resolution was adopted that all subscriptions be divided pro rata. It will be the endeavor of the company to place this stock direct with the growers, and every producer owes it to himself to take all the shares he can. None will be offered capitalists or speculators. This stock is of par value of \$10, and may be subscribed for now, and paid for out of the proceeds of the sale of the crop.

The plan, briefly, is this: The Burley Tobacco Growers' Company is to raise \$500,000 by subscriptions to their capital stock of that amount. When this is done the syndicate of bankers referred to have agreed to put up \$9,500,000, making a total of \$10,000,000. With this capital the company will be enabled to handle the entire crop. The price of 10 cents for an average crop has been established which is 2 cents or more than has been netted the grower the past five years. This tobacco will then be held in the company's warehouses until an equitable price can be obtained. In addition to the 10 cents paid the grower, which is paid on delivery of the crop, he will receive one-half of any advance at which his crop is sold.

If a grower prefers to keep his tobacco, and get same in summer order, a final advance of 15 per cent. will be paid in addition to the 10 cents paid.

Mr. Hugh Throckmorton, whose serious illness was mentioned in the BULLETIN last week, died Friday night at his home at Fairview, Fleming County. His wife was Miss Clemmie Whittington of this city.

The Captain of the steamer Big Kanawha and the mate of the Tacoma, rival packets, came to blows while the boats were at the Portsmouth wharf. The mate of the Tacoma is much the larger man, and struck the captain of the Kanawha several times with a club, bruising him severely.

The new Carlisle Presbyterian Church, under the pastorate of the Rev. Dr. H. M. Scudder, erected at a cost of \$20,000, is completed and will be dedicated on September 11th, the Rev. McElroy of Richmond, Va., preaching the dedicatory sermon. Dr. Scudder has been pastor more than thirty years.

The Christian Church at Weston, Mo., of which C. R. Vawter is pastor, had the misfortune to lose its parsonage by fire August 28. Mr. Vawter lost a piano, a fine library and all of his household goods, and narrowly escaped being burned to death. His wife and little daughter were visiting in Kentucky at the time.

The Maysville packet Courier was inspected by United States Inspectors of Steam Vessels Fearn and Peyton Thursday afternoon, and was found to be in need of repairs. The Inspectors, therefore, ordered her laid up until these are completed. The repairs consist of a new set of fire fronts and a lot of boiler work, and will consume ten days.

Rev. Julius E. Wright, formerly pastor of the First M. E. Church, South, seems to be in the middle of a bad fix as far as his ministerial relations are concerned. A year ago he was transferred to the Indian Territory conference, but Bishop Hoos refused to present his letter. The Kentucky conference now refuses to acknowledge him as a member.

Mr. and Mrs. Wm. Ryan of Millersburg entertained with a dinner a few days ago with friends and relatives. There were twenty-seven present. A menu of many delicious courses was served and the day was much enjoyed by all. Many returns of the day, health, wealth and all sorts of happiness were wished for the future of the host and hostess. They formerly lived in Mason.

## THE AUTO-PIANO

The Invention of the Age—Call at John I. Winter's Store and Examine This Marvel.

In appearance it is only a handsome Mahogany Piano, such as you see in many fine homes, but with it, those who are fine performers, can produce a volume of harmony beyond the ordinary piano, while those who are unable to play one single note of music by simply pressing a concealed button can play the most difficult composition of the old masters, as only a Paderewski can. Your friends will think that you have become a fine performer in a night. It is wonderful.

# REMNANTS OF CURTAIN SWISSES.

It's a matter of common knowledge that the prettiest patterns always sell down quickest to short lengths. That's the case with the small group of patterns in curtain materials which we offer to-day at short prices to match the short lengths, which are from 5 to 15 yards of a pattern.

A fine quality of figured Swiss Muslin, 36 inches wide, at 10c. a yard instead of 15c.

White Madras in dot and floral design, 40 inches wide, at 9c. a yard instead of 12½c.

A few dainty patterns of printed Swiss Muslin in attractive colorings, 45 inches wide, at 25c. yard, instead of 50c.

## Fine Mercerized Waistings 25c Yard.

It seems almost absurd to mention it, but these fine Mercerized Waistings were made to sell at 50c a yard. We reduced them earlier in the season to 39c and now to clean up the remainder we mark them 25c. a yard.

About 12 patterns in all, including extra heavy qualities suitable for fall wear.

THE UNDERSIGNED has now been in Maysville eight years, and never has he seen in all that time business so dull. The World's Fair is getting the money that we ought to get in exchange for our Furniture. I suppose you figure that you can buy a Folding Bed next year, but you can't see the fair next year. Something must be done to make you decide to buy Furniture this year and miss the fair. I am game enough to offer you inducements to buy Furniture now. Look: Commencing Monday, September the fifth, we will allow

**Twenty-Five Per Cent Discount Upon All Cash Purchases of Furniture Until Further Notice!**

That will hold you! If that don't make you buy Furniture NOW, nothing will. REMEMBER 25 per cent. discount applies to CASH purchases only. Not one cent discount will be allowed on time sale, for our prices are low enough anyway. Will you go to the fair, or will you buy Furniture? Yours truly,

### MERCIFUL DEATH

Came Saturday Morning to Relieve the Long Suffering of Attorney Leonard Galbraith at Lakeland.

Attorney Leonard W. Galbraith died Saturday morning at Lakeland asylum where he had been for several months under treatment. His health had been failing for several years, and death was due to a complication of disorders.

Mr. Galbraith was fifty-two years of age and was born at Madisonville, Ky. He was married to Miss Mary Davis of this county twenty-four years ago and through his long illness she administered to his wants as only a devoted wife can.

Mr. Galbraith was among the learned members of the Mason County bar and had the respect and esteem of his fellow lawyers. He was a hard student and in declining health continued his work, which eventually caused a complete break-down. As County Superintendent of Schools for two terms he displayed ability and tact that stamped him as a most excellent official.

The remains arrived here Saturday evening and the funeral will take place at 2 o'clock this afternoon from the First M. E. Church, South, under the auspices of the Oddfellows, of which order he was a member. Services by Rev. Dr. Barbour, Rev. Evans, the regular pastor, being absent from the city. Burial in the Maysville Cemetery.
